

05-02-11

Dear Mr Gardner,

You and your father, because of our beautiful Jacobean dining room chairs, have been a special part of our family over the years, with such pleasant memories of the changing three generations seated in those elegant chairs at our many holiday dinners. Enclosed is a photo taken by a good friend of our last tennis group reunion dinner just days before Ethelmae and I moved to smaller quarters close to a memory center at Brethron Village.

Thank you for your sincere and generous dealings with us as we visited your shop on our several visits to New Hope over the years. Good wishes for your retirement.

Sincerely,
